

Surveys used in 2017 as part of the program:

Improving Local Service Provision Delivery in Eastern Congo An Impact Evaluation of the *Tuongane 2+* interventions

June 10, 2021

Abstract

This document provides both the quantitative and qualitative instruments used during the 2017 data collection. For the quantitative aspect, this includes the chief survey (EC), household survey (EM), school survey (EE), health facility survey (ES), the user committee survey (EU) and the Enumerator Form (ER), the report surveys filled by the field coordinators (Visit1_Distribution), necessary forms and tables used in the field and the codebook. The surveys were conducted with tablets. An “**” behind the question number indicates that the question is a panel question; i.e. the question was also asked in 2015.

1. Surveys

1.1 Chief survey (EC)

Dear chief, we would like to do two activities in your village. First, a series of surveys: with you, 10 households, the COPA and CODESA presidents. Finally we would like to visit a school and health facility (one of the two did not participate in the Tuungane 2+ program). We will give the following information to the potential respondents before rolling out the survey. Please read out the consent form, and give the respondent the "Form: Consent and contact information sheet"	
EC 0 Do you consent to this study in your village?	0 1

EC_SEL: General information

EC 1* Respondent agrees to participate in the survey?	0 1
EC 2* Name of province	___
EC 3* Name of territory	___
EC 4 Name of the chieftaincy	___
EC 5 Name of the groupement	___
EC 5a Name of the axe	___
EC 6* Code of village (IDV). Make sure it is 100% correct	___
EC 6a Village name	___
EC 7* Enumerator code	___
EC 7a Enumerator Name	___
EC 8a* Date (DD/MM/YY)	/ /
EC 8b* Time (HH:MM)	__ : __
EC 8c Survey duration (in second)	___
EC 9* Name of respondent	___
EC 10* This person is: 1) chief of village, 2) chief's assistant, 3) other	1 2 3
EC 11* Relationship to current village chief [CODE P]	___
EC 12* Relationship to village chief that was interviewed in 2015 [CODE P]	___
EC 13 Was this person the village chief in 2015 ?	___
EC 14* Person is panel? I.e. person was also interviewed in 2015?	0 1
EC 15* If not panel, why not? 1) new chief, 2) other person surveyed, 3) chief died, 4) chief moved; 5) other	1 2 3 4 5
EC 16* In which sector did the T2+ project take place? 1) Health, 2) Education	___
EC 17* Name of the primary school used most by the village [this must be the T2+ school if T2+ program in village was in education sector. Should be the same as in 2014. Share with the teams]	___
EC 18* Name of the health facility used most by the village [this must be the T2+ health facility if T2+ program in village was in health sector. Should be the same as in 2014. Share with the teams]	___
EC 19 Names of the members of COPA [Make a list and share with the teams]	___
EC 20 Names of the members of CODESA [Make a list and share with the teams]	___
EC 21 Names of the head of the health facility [Make a list and share with the teams]	___
EC 22 Names of the head of the education facility [Make a list and share with the teams]	___

EC_INF: Health and education infrastructures supporting the villages

We would like to know about the different education and health facilities supporting this village. Could you please tell me about all the health facilities that you know of?

EC 23 Number of health facilities	___	
Name of the health facility	Distance from your house	Share of population that use it
EC 24_a ___ (= the school mentioned above)	EC24b ___ hrs	EC24c ___ %
EC 25_a ___	EC25b ___ hrs	EC25c ___ %
EC 26_a ___	EC26b ___ hrs	EC26c ___ %
EC 27_a ___	EC27b ___ hrs	EC27c ___ %
EC 28_a ___	EC28b ___ hrs	EC28c ___ %
		100%

Please now tell me about all the primary schools that you know of?

EC 29 Number of school facilities	_____	
Name of the primary school	Distance from your house	Share of population that use it
EC 30a _____ (= the school mentioned above)	EC30b _____ hrs	EC30c _____ %
EC 31a _____	EC31b _____ hrs	EC31c _____ %
EC 32a _____	EC32b _____ hrs	EC32c _____ %
EC 33a _____	EC33b _____ hrs	EC33c _____ %
EC 34a _____	EC34b _____ hrs	EC34c _____ %
EC 35a _____	EC35b _____ hrs	EC35c _____ %
EC 36a _____	EC36b _____ hrs	EC36c _____ %
EC 37a _____	EC37b _____ hrs	EC37c _____ %
		100%

EC_GEN: Information about chief's household

EC 38* Gender: (0 = female, 1 = male)	0 1
EC 39* Mother tongue [CODE L]	_____
EC 40* Education level [CODE I]	_____
EC 41* Main revenue job / activity? [CODE A]	_____
EC 42* Religion [CODE B]	_____
EC 43* Martial status. 1 = Married/cohabitant, 2 = Divorced/Separated, 3 = Widow, 4 = Single	1 2 3 4
EC 44* Year of birth?	_____
EC 45* Literate (read and write). Verify	0 1
EC 46* During the 7 last days: hours worked by this person on a revenue activity for the household?	_____ hours
EC 47* Total household members	_____
EC 48* Number of children less than 5 years. Female / Male	____ / ____
EC 49* Number of children 6-12 years. Female / Male	____ / ____
EC 50* Number of children 13-17 years. Female / Male	____ / ____
EC 51* Number of adults (>18). Female / Male	____ / ____

Insert generic modules:

- **M_TUU: Outcome measures: Tuungane 2+ quality and satisfaction of process**
- **M_INF: Mechanism measures: information**
- **M_COL: Mechanism measures: collective action**
- **M_MON: Mechanism measures: monitoring**

EC_ECO: Economic life of the village

What economic activities are predominant in this community? Please give us an estimate in terms of people who have the following as their main activity? It should add up to 100%

EC 52* Agriculture	_____ %
EC 53* Fishing	_____ %
EC 54* Farming (animal farm)	_____ %
EC 55* Miner	_____ %
EC 56* Trade (for manufactured products / Industrial only)	_____ %
EC 57* Other services (eg, teaching)	_____ %
EC 58* Other	_____ %

EC_DEM: Demographic Information on the village

Next, we would like to know about the size of the different ethnic and religious groups in the village (each adds up to 100%), and whether they have been in conflict with another group.

	a) % pop	b) In conflict now?	c) In conflict last year?
EC 59_1* Ethnic group 1: _____	_____ %	0 1	0 1
EC 59_2* Ethnic group 2: _____	_____ %	0 1	0 1

Chief survey (EC)

EC 59_3* Ethnic group 3: ___	___%	0 1	0 1
EC 59_4* Ethnic group 4: ___	___%	0 1	0 1
EC 59_5* Ethnic group 5: ___	___%	0 1	0 1
EC 59_6* Ethnic group 6: ___	___%	0 1	0 1
EC 59_7* Ethnic group 7: ___	___%	0 1	0 1
EC 59_8* Ethnic group 8: ___	___%	0 1	0 1
EC 59_9* Ethnic group 9: ___	___%	0 1	0 1
EC 59_10* Ethnic group 10: ___	___%	0 1	0 1
EC 59_11* Ethnic group 11: ___	___%	0 1	0 1
EC 59_12* Ethnic group 12: ___	___%	0 1	0 1
EC 59_13* Ethnic group 13: ___	___%	0 1	0 1
	100%		

EC 60* Religious group: Catholic	___%	0 1	0 1
EC 61* Religious group: Protestant	___%	0 1	0 1
EC 62* Religious group: Muslim	___%	0 1	0 1
EC 63* Religious group: Jehovah witness	___%	0 1	0 1
EC 64* Religious group: Kimbanguist	___%	0 1	0 1
EC 65* Religious group: Anglican	___%	0 1	0 1
EC 66* Religious group: Traditional	___%	0 1	0 1
EC 67* Religious group: Other	___%	0 1	0 1
	100%		

EC_DIV: Divisions in the village

It is sometimes difficult for the inhabitants of a village to work together because of the differences between them.

What kinds of divisions / conflicts tend to create disagreements? Do not read out the options	a) In the village	b) Village versus neighbor	c) 2 most important. Do read out
EC 68* The richest and poorest?	0 1	0 1	1 2
EC 69* Men and women?	0 1	0 1	1 2
EC 70* Youth and seniors?	0 1	0 1	1 2
EC 71* Native born and newcomers?	0 1	0 1	1 2
EC 72* Different religions?	0 1	0 1	1 2
EC 73* Tribes / ethnic groups?	0 1	0 1	1 2
EC 74* Civilians and ex-combatants / militia?	0 1	0 1	1 2
EC 75* Breeders and farmers	0 1	0 1	1 2
EC 76* The educated and the uneducated.	0 1	0 1	1 2
EC 77* Those who were displaced, but returned and those who stayed.	0 1	0 1	1 2
EC 78* Congolese and refugees	0 1	0 1	1 2
EC 79* Other [SPECIFY] _____	0 1	0 1	1 2
EC 80* None	0 1	0 1	1 2

EC_VIO: Violence in the village

EC 81* What was the security level of your household in the last six months? 1) very secure, 2) A little secure, 3) A little insecure, 4) Very insecure, 5) Other	1 2 3 4 5
EC 82* The security level for your household has it worsened over the past year? 1) Worse, 2) Bad, 3) Same, 4) Good, 5) Best, 6) Other	1 2 3 4 5
EC 83* How is your village compared to neighboring villages in terms of security level? 1) Your village is much safer, 2) Your village is a bit more secure, 3) All the villages in this region have the same level of security, 4) Your village is a little less secure, 5) Your village is much less certain; 6) Other	1 2 3 4 5

EC_RAD: Radio

EC 84 Is there a radio club in the village?	0 1
EC 85 How many radio do you own in this village?	_____

EC_AUT: Authority and role of the village chief

Can you tell me about the former chief of this village?

EC 86* When did he/she become chief? (Year)	___
EC 87* How did he/she become chief? [Read options] 1) inherited position, 2) elected by villagers, 3) took the position by force, 4) selected by traditional leaders at high leading level, 5) selected by others, 6) elected by others, 7) Other	___
EC 88* When did he/she stop being chief? (Year)	___
EC 89* Why did he/she stop being the chief? 1) end of mandate, 2) Fled/ migrated due to the conflict, 3) fired by his superiors, 4) fired by villagers, 5) death from natural causes, 6) killed, 7) Other	___
EC 90* Family relationship between: the current and the former chief? [CODE P]	___

Can you tell me about the current chief of this village (yourself)?

EC 91* What position did you have before becoming village chief? [CODE A]	___
EC 92* When did you become chief? (Year)	___
EC 93* How did he/she become chief? [Read options] 1) inherited position, 2) elected by villagers, 3) took the position by force, 4) selected by traditional leaders at high leading level, 5) selected by others, 6) elected by others, 7) Other	___
EC 94* Do you have a fixed term of office?	0 1
EC 95* If yes, how many years?	___ yrs

Village leaders fulfil many functions. How often have you undertaken the following activities in the last 3 months [Read out]? Also, which three are most important and do you spend most time on?

	a) #	b) import
EC 97 organize a village meeting	___	1 2 3
EC 98 met with a user committee: COPA	___	1 2 3
EC 99 met with a user committee: CODESA	___	1 2 3
EC 100 met with a service provider: school	___	1 2 3
EC 101 met with a service provider: health center	___	1 2 3
EC 102* distributed material or money	___	1 2 3
EC 103* celebrate weddings, baptisms, funerals, other rituals	___	1 2 3
EC 104* inform the public about the measures taken by the hierarchy	___	1 2 3
EC 105* organize community work	___	1 2 3
EC 106* administrative management	___	1 2 3
EC 107* Activities for social balance	___	1 2 3
EC 108* meeting of development committees	___	1 2 3
EC 109* manage land disputes between villagers	___	1 2 3
EC 110* manage land disputes between villagers and members of other villages in the same locality	___	1 2 3
EC 111* manage land disputes between villagers and members of other villages in different localities	___	1 2 3
EC 112* manage robbery problems	___	1 2 3
EC 113* manage marital problems	___	1 2 3
EC 114* manage problems of violence between villagers	___	1 2 3
EC 115* manage social problems among village families	___	1 2 3
EC 116* work with NGOs on development projects in the village?	___	1 2 3
EC 117* visited or been visited by a neighboring village chief in the same locality?	___	1 2 3
EC 118* visited or been visited by a village chief in another locality in that group?	___	1 2 3
EC 119* visited or been visited by the village chief	___	1 2 3
EC 120* visited or been visited by the groupment leader?	___	1 2 3
EC 121* visited or been visited by a village chief in another groupment?	___	1 2 3
EC 122* visited or been visited by the head of chiefdom?	___	1 2 3
EC 123* visited or been visited by the head of the territory?	___	1 2 3
EC 124* visited or been visited by the governor of the province?	___	1 2 3

EC_GOV: Opinion about governance

Chief survey (EC)

Let's talk for now about the type of community in which you want to live. I read a number of opinions, and tell me if you 1) Strongly disagree, 2) disagree, 0) indifferent, 1) agree, 2) Strongly agree.

EC 125 Villagers should have a say in who should be the village chief?	___
EC 126 Village chiefs should have the right to appoint and remove members of the COPA and CODESA?	___
EC 127* Inhabitants of the village have a duty to regularly check and question the actions of the village chief.	___
EC 128 Village chiefs should have the right to appoint and remove members of health facility and primary school?	___

EC_RES: Brochure and Response Sheet

Tell the chief that we have tasked the T2+ user committee and service provider in sector [education/health] to write a short document about 1) their experiences with T2, and 2) the needs and priorities of the village. Please have a conversation with the chief to find out the below information.

EC 129 Did the respondent participate in writing the Response Sheet?	0 1
EC 130 If yes, how did the actors and chief work? 1) User committee and service provider worked together, 2) User committee and service provider worked separately.	1 2
EC 131 If (1), with who else did they work? If no one, select no one. [CODE H]	___
EC 132 If (2), with who did the user committee work? If no one, select no one. [CODE H]	___
EC 133 If (2), with who did the service provided work? If no one, select no one. [CODE H]	___
EC 134 If respondent did not participate, would have he wanted to participate in the Response Sheet activity in order to share his opinion of the Tuungane program?	0 1
EC 135 If the above is answered with "yes", please ask to whom he wants to share his opinion. Multiple possible. [CODE H]	___
EC 136 If respondent didn't participate, does he know who participate in writing the Response Sheet (s)?	0 1
EC 137 If yes, how did the actors work? 1) User committee and service provider worked together, 2) User committee and service provider worked separately.	___
EC 138 If (1), with who else did they work? If no one, select no one. [CODE H]	___
EC 139 If (2), with who did the user committee work? If no one, select no one. [CODE H]	___
EC 140 If (2), with who did the service provided work? If no one, select no one. [CODE H]	___

Enumerator, please read these questions:

EC 141 In your opinion, who should be actively involved in writing community responses? Do not read options, Multiple possible. [CODE H]	___
EC 142 Respondent wants to voice his/her opinion about the community's needs and priorities to somebody?	___
EC 143 If the above is answered with "yes", please ask with whom. Multiple possible. [CODE H]	___
EC 144 In your opinion, what are the community's needs [CODE G]	___

Finally remind the chief that he may have received a Tuungane 2 brochure about 1 week prior to your visit.

EC 145 Do you confirm having received a brochure?	0 1
EC 146 If 'YES', from whom? [CODE H]	___
EC 147 If 'YES', under which form?	___
EC 148 If 'YES', Do you still have the brochure? [Please verify]	0 1
EC 149 If 'NO', what did you do with it? 1) I lost it, 2) I gave it to another household, 3) I gave it to another village, - 10) Other (specify)	___
EC 150 If the respondent has the brochure or has received the information presented on the brochure, do you believe in what it says?	0 1
EC 151 If 'YES', are you satisfied with the information presented on the brochure?	0 1
EC 152 If 'YES', did you participate in the distribution of the information presented on the brochure?	0 1
EC 153 If 'YES', how? (multiple response) 1) I shared the brochure, 2) Word of mouth, 3) Led a meeting in the village, -10) other (specify)	___
EC 154 In your opinion who should be actively involved in the distribution / diffusion of the information shared on the T2 brochure? Do not prompt (multiple response). [CODE H]	___

Insert generic module:

- **M_FIN: End of the survey**

1.2 Household survey (EM)

Please read out the consent form, and give the respondent the "Contact information sheet".

EM_SEL: General

EM 2 Respondent agrees to participate in the survey?	0 1
EM 3* Name of province	___
EM 4* Name of territory	___
EM 5* Name of the chieftaincy	___
EM 6* Name of the groupement	___
EM 7* Code of village (IDV). Be 100% sure this is correct!	___
EM 8 Village Name	___
EM 9* Code of Survey (IDS)	___
EM 10* Enumerator ID	___

	d) Equipment :	___
	e) Security :	___

Insert generic modules:

- **M_TUU: Outcome measures: *Tuungane 2+* quality and satisfaction of process**
- **M_AUD: Verification, only ask these questions if the structure is T2+**
- **M_INF: Mechanism measures: information**
- **M_COL: Mechanism measures: collective action**
- **M_MON: Mechanism measures: monitoring**

ES_RES: Brochure and Response Sheet, only if the structure is T2+

Tell the respondent that we have tasked the T2+ user committee and service provider in sector [education/health] to write a short document about 1) their experiences with T2, and 2) the needs and priorities of the village. Please have a conversation with the respondent to find out the below information.

ES 91 Did the health facility write a Response Sheet?	0 1
ES 92 If yes, how did they work? 1) User committee and service provider worked together, 2) User committee and service provider worked separately.	1 2
ES 93 If (1), with who else did they work? If no one, select no one. [CODE H]	___
ES 94 If (2), with who did the user committee work? If no one, select no one. [CODE H]	___
ES 95 If (2), with who did the service provided work? If no one, select no one. [CODE H]	___
ES 96 If no response sheet, why? 1) We did not get this task, 2)We did not get enough time but were planning on doing this, 3) We are not interested in the task, -10) other (specify)	___

Enumerator, please read these questions:

ES 97 In your opinion, who should be actively involved in writing community responses? Do not read options, Multiple possible. [CODE H]	___
ES 98 Respondent wants to voice his/her opinion about the community's needs and priorities to somebody?	v
ES 99 If the above is answered with "yes", please ask with whom. Multiple possible. [CODE H]	___
ES 100 In your opinion, what are the community's needs [CODE G]	___

Finally tell the health facility that they should have received 11 *Tuungane 2* brochure about 1 week prior to your visit.

ES 101 Do you confirm having received a brochure?	0 1
ES 102 If 'NO', did you receive the information presented on the brochure? If no, skip this section.	0 1
ES 103 If 'YES', from whom? [CODE H]	___
ES 104 If the respondent has the brochure or has received the information presented on the brochure, do you believe in what it says?	0 1
ES 105 If 'YES', are you satisfied with the information presented on the brochure?	0 1

Infrastructure survey: health (ES)

ES 106 If 'YES', did you participate in the distribution of the information presented on the brochure?	0 1
ES 107 If 'YES', how? (multiple response) 1) I shared the brochure; 2) Word of mouth; 3) Led a meeting in the village; -10x) other (specify)	— 0 1
ES 108 If 'YES', with whom did you share this information? Do not prompt (multiple response). [CODE H]	—
ES 109 If 'NO', in your opinion who should be actively involved in the distribution / diffusion of the information shared on the T2 brochure? Do not prompt (multiple response). [CODE H]	—
ES 2 Do you still have brochures? [Please verify]	0 1
ES 111 How many brochures do you still have? [Please verify]	—
ES 112 If '<11', what did you do with it? 1) I lost it, 2) I gave it to another household, 3) I gave it to another village, - 10) Other (specify)	—

ER 7a Date (DDMM/AA)	___/___/___
ER 7b Time (HH:MM)	___:___
ER 7c Survey duration	___

ER_INF: Tuungane 2 Brochure

Fill this information out when you leave the village.

ER 8a Was a community meeting organized to share the information about <i>Tuungane 2</i> ?	0 1
ER 8b If yes, by whom? [CODE H]	___
ER 9 Did the user committee undertake activities to make community members aware of the T2 info?	0 1
ER 10 Did the service provider undertake activities to make community members aware of the T2 info?	0 1
ER 11 How many of the brochures given to the user committee spread through the village?	___
ER 12 How many of the brochures given to the service committee spread through the village?	___
ER 13 Visit the house of the village chief. Does he have a leaflet?	0 1

ER_RES: Response Sheet

Before you leave the village you visit the user committee and service provider again to pick up the response form. If not indicated differently, responses are: 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much.

	(c) User committee	(p) Service provider	One answer sheet
ER 14 Did you get back at least one response sheets? 0) No 1) Yes		0 1	
ER 15 How many response sheets did you get back?		1 2	
ER 16 Who gave you the response sheet? 1) Service Provider 2) User Committee		1 2	
ER 17 If received only one response sheet: Did the user committee and the service provider worked together in the redaction of the response sheet? 1) Not at all 2) No 3) A little 4) Yes 5) Yes a lot		1 2 3 4 5	
ER 18 If received more than one response sheet: Did the user committee and service provider worked together to create the response? 1) Not at all 2) No 3) A little 4) Yes 5) Yes a lot		1 2 3 4 5	
ER 19 How many meetings were there between the user committee and service provider related to this note?		___	
ER 20 Was a community meeting organized to learn about the community's needs and priorities?		0 1	
ER 21 If yes, by whom? [CODE H]		___	
ER 22 How many sentences does the "Response form" have?	___	___	___
ER 23 The village response letter is of high quality?	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5
ER 24 What needs are mentioned in the response form? [CODE Q]. Multiple responses possible.	___	___	___
ER 25 What necessary priority projects are mentioned in the response form? [CODE G]. Multiple responses possible.	___	___	___

Enumerator form (ER)

ER 26 To create the response did the ... approach villagers to ask for their opinion?	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5
ER 27 To create the response did the ... approach the line ministry to ask for their opinion?	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5
ER 28 Did the user committee/service provider actively involve the village chief?	1 2 3 4 5		
ER 29 Did the chief want to be involved in drafting the response?	1 2 3 4 5		

Checklist

Before you leave the village, make sure that you completed all the surveys. Please check:

ER 30 Done: 10x EM?	0 1
ER 31 Done: 1x EC?	0 1
ER 32 Done: 1x ES?	0 1
ER 33 Done: 1x EE?	0 1
ER 34 Done: 2x EU (1x with COPA and 1x with CODESA)?	0 1
ER 35 Done: 1x ER?	0 1
ER 36 Picked up the 2x Response Sheets (Committee User and Service Provider)	0 1

1.7 Brochure and response sheet (visit1_distribution)

This questionnaire is only for the User Committee and Service Provider targeted by T2.

Please, hand out 1 "2.3 Form: Brochure" as well as 11 additional brochures.

Please, hand out 1 "2.4 Form: Response sheet".

We would like to provide you with this Information Brochure which summarizes the main objectives and outcomes of the Tuungane 2 program, in which your village participated. We would also like to ask you and the User Committee / Service Provider to write a response on your impression of the Tuungane 2 and Tuungane 2+ program. This information will be shared with the international development community and the government. There are no direct benefits from this exercise. The response will not directly lead to a project in your village, it just serves to share your impressions with the development community. Your answer should, as a minimum, answer the following questions: 1) What was GOOD in the Tuungane 2 program and how can it be improved? 2) What was GOOD in the Tuungane 2+ program and how can it be improved? 3) What are the current needs and priorities of the community? Importantly, we would like this response to reflect the opinion of the village in general, and thus also the members of the community. We will also provide a set of brochures and this response exercise to the User Committee / Service Provider. We will visit you within one to two weeks to recover this record.

RES_SEL: General information

RES 1* Name of province	---
RES 2* Name of territory	---
RES 3* Name of the chieftaincy	---
RES 4* Name of the groupement	---
RES 5 Name of the axe	---
RES 6* Code of village (IDV). Make sure it is 100% correct	---
RE 6a Name of the village	---
RES 7* Coordinator code	---
RES 8a* Date (DD/MM/YY)	/ /
RES 8b* Time (HH:MM)	__ : __
RES 8c* Survey Duration (in seconds)	---
RES 9 In which sector was the T2 + program? 1) Education 2) Health	1 2
RES 10 Did you find the user committee?	0 1
RES 11 If not, why not? 1) Committee leader not found 3) Refused to answer the survey 5) Organization moved away -10) Other	1 3 5
RES 12 Did you find the service provider?	0 1
RES 13 If not, why not? 1) Committee leader not found 3) Refused to answer the survey 5) Organization moved away -10) Other	1 3 5

RES_RES: Brochure and Response Sheet

Now, please try to get this information from your respondent through conversation (don't ask the below questions directly).

	(c) User committee	(p) Service provider
RES 14 Does the respondent accept the brochure?	0 1	0 1
RES 15 Does the respondent accept to write a response sheet?	0 1	0 1
RES 16 Did the respondent mention sharing the information provided on the brochure with anyone?	0 1	0 1
RES 17 If yes, with who? Multiple responses possible. [CODE H]	---	---
RES 18 Does the respondent want to participate in the Response Sheet task?	0 1	0 1
If yes to the above, how does he plan to write the Response Sheet:		
RES 19 Mentions discussion this with the village?	0 1	0 1
RES 20 Mentions holding a community meeting?	0 1	0 1
RES 21 Mentions being in touch with the chief?	0 1	0 1
RES 22 Mentions getting in contact with the Line Ministry?	0 1	0 1
RES 23 Mentions getting in contact with the User Committee / Service Provider	0 1	0 1

1.8 Modules used in multiple surveys

The following pages contains a number of additional survey modules that are used in more than one survey.

M_TUU: Outcome measures: *Tuungane 2+* quality and satisfaction of process

[Enumerator: It is of crucial importance that this section is about T2+. If the respondent does not know T2+ (question TUU) or if the respondent does not know the difference between T2+ and T2 (question TUU), even after you explained it to the respondent, do not continue and you can skip this survey module.]

Knowledge about the T2+ program:

TUU 1* Have you heard of TUUNGANE 2?	0 1
TUU 2 Have you heard of TUUNGANE 2+? If not, skip this module.	0 1
TUU 3 [Does the individual know the difference between T2 et T2+? If not, explain. If still not, skip module]	0 1
TUU 4 In what sector did the T2+ program operate? 1 = education, 2 = health, 3 = other	1 2 3
TUU 5 What was your preferred T2+ project? [CODE G]	___
TUU 6 Which organization implemented T2+? [CODE O]	___
TUU 7 What was the value of the equipment grant?	\$ ___
TUU 8 On what was the equipment grant used on? [CODE G]. Multiple responses possible.	___
TUU 9 What was the value of the institutional grant?	\$ ___
TUU 10 On what was the institutional grant used on? [CODE G]. Multiple responses possible.	___

Involvement in the *Tuungane 2+* program:

TUU 11 How many village meetings were held as part of T2+? If any.	___
TUU 12 If one or more, how many meetings have you attended?	___
TUU 13 How much time did you spend on the T2+ project (including meetings, work, etc.)? In days.	___
TUU 14 How much did you contribute with material or money to the T2+ project?	___ FC

Responses are: 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much. In your opinion:

	Villagers	a) COPA	b) COD ESA	c) School	d) Health Center	e) MCZ	f) Sous- P.
TUU 15 ... was actively involved in the T2+?	___	___	___	___	___	___	___
TUU 16 ... worked together with user committee?	___	NA	NA	___	___	___	___
TUU 17 ... worked together with service provider?	___	___	___	NA	NA	___	___

Satisfaction with different actors. Responses are: 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much.

	Villagers	a) COPA	b) COD ESA	c) School	d) Health Center	e) MCZ	f) Sous- P.
TUU 18 Pleased with ...'s level of effort during T2+	___	___	___	___	___	___	___
TUU 19 Pleased with ...'s activities during T2+	___	___	___	___	___	___	___

Different people have different concerns regarding the implementation of projects such as T2+. I will read a list of statements and tell me with which ones you agree or disagree.

	Strongly disagree	Disagree	Indiffer- ent	Agree	Strongly agree
TUU 20 The whole process (decision and project implementation) took too long	1	2	3	4	5
TUU 21 The organization (IRC) has not performed well in the village	1	2	3	4	5
TUU 22 The selected projects were not the most important for this village	1	2	3	4	5
TUU 23 The selected projects have not helped enough people in this village	1	2	3	4	5
TUU 24 I had no real influence on the selection of projects	1	2	3	4	5
TUU 25 Disagreements in this village have not been well managed	1	2	3	4	5
TUU 26 The process required too many steps / procedures to be followed	1	2	3	4	5
TUU 27 There was not enough information about the process	1	2	3	4	5
TUU 28 There was embezzlement in this village (corruption, nepotism ...)	1	2	3	4	5

Modules used in multiple surveys

TUU 29 The allocation of money in the villages was not made fairly	1	2	3	4	5
TUU 30 The project has created divisions and conflicts in the community	1	2	3	4	5
TUU 31 The T2+ program was controlled by the village chief	1	2	3	4	5
TUU 32 The user committee did not undertake the activities it should have done	1	2	3	4	5
TUU 33 The service providers did not undertake the activities it should have done	1	2	3	4	5
TUU 34 The line ministry did not undertake the activities it should have done	1	2	3	4	5

M_AUD: Verification, only ask these questions if the structure is T2+

We would like to know what happened of the 750 \$ grant that the service providers received as institutional support.

AUD 1 What was the grant spent on? [CODE C]. Multiple response 0) Nothing 1) Bought supplies 2) Institutional Support 3) Staff training 4) Organized meetings 5) Material transport 6) Staff bonus Other	—	—	—	—
AUD 2 Total number of grant received	—			
AUD 3 ID of the grant	—	—	—	—
AUD 4 Name of the institution that gave the grant	—	—	—	—
AUD 5 How much was spent per activity?	—	—	—	—
AUD 6 Please verify if the amount was indeed spent on the activity, do you believe the respondent? 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much.	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	1 2 3 4 5
AUD 7 In your opinion, out of the \$ 750, how much has been spend on the activity?	\$__	\$__	\$__	\$__
AUD 8 Total amount of the grant declared	—			
AUD 9 Total amount of the grant spent	—			

We would also like to know more about the blue notebooks that were distributed at the beginning of the Tuungane program.

AUD 10 Is the blue notebook still present in the village?	0 1
AUD 11 Who keeps the notebook? [CODE H]	—
AUD 12 How were the minutes kept? Enumerator appreciation: 1) not well at all, 2) not very well, 3) not well and not too bad, 4) okay, 5) very well.	1 2 3 4 5

M_INF: Mechanism measures: information

The questions apply to the structures in the surveyed sector and to the structures in which the respondent does not belong.

For the chief and household survey ask for all structures.

Example, if you are investigating a school, these questions will be that asked for the COPA and the sous- Proved.

	COPA	a) CODESA
INF 1 How many members of ... do you know [Cite them by name]	--	--

	b) School	c) Health Center
INF 2 What is the name of the director of the.... [Correct?]	0 1	0 1

	d) MCZ	e) Sous-P.
INF 3 What is the name of the representative of the... [Correct?]	0 1	0 1

	COPA	a) COD ESA	d) MCZ	e) Sous- P.
INF 4 ... is the abbreviation of? 1 = correct	0 1	0 1	0 1	0 1

Modules used in multiple surveys

	COPA	a) COD ESA	b) School	c) Health Center	d) MCZ	e) Sous- P.
INF 5 What are the role and responsibility of ... [Do not read. Multiple answers possible] [CODE Y]	---	---	---	---	---	---

	COPA	e) Sous-P.
INF 6 What do you think in ...'s opinion is the school's biggest need? [CODE Q]	---	---

	a) CODESA	d) MCZ
INF 7 What do you think in ...'s opinion is the health facility' biggest need? [CODE Q]	---	---

Knowledge about service provision:

The questions apply to the structures in the surveyed sector. For the chief and household survey ask for all structures.

	Entitled to	a) Current situation
INF 8 Number of beds in the hospital	___	___
INF 9 Power (solar, electrical, battery, group) in the hospital?	0 1	0 1
INF 10 Running water in the hospital?	0 1	0 1
INF 11 Number of latrines that work	___	___
INF 12 Price for a visit (care)?	___ FC	___ FC
INF 13 Price of a consultation in the center?	___ FC	___ FC
INF 14 Price of a "form" for the center?	___ FC	___ FC
INF 15 Price of an overnight stay in the observation room?	___ FC	___ FC
INF 16 How many nurses work at this health center?	___	___
INF 17 How many doctors work with this health center?	___	___
INF 18 Number of classroom in school	___	___
INF 19 Number of working toilets in school?	___	___
INF 20 "Prime" last month for one child	___ FC	___ FC
INF 21 "Administration fee" last trimester for one child	___ FC	___ FC
INF 22 "State fee" last year for one child	___ FC	___ FC
INF 23 How many teachers work in the school?	___	___

Knowledge about other governance-related actors: 0) incorrect, 1) response correct, 2) response incorrect.

INF 24* Name Congo's current prime minister.	0 1 2
INF 25* Name the largest party in the national parliament.	0 1 2
INF 26* Name the governor of your province.	0 1 2
INF 27* Name the chief of the chiefdom.	0 1 2

M_COL: Mechanism measures: collective action

Satisfaction with and trust of different service provision actors. In tablets the order is randomized. Responses are: 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much.

The questions apply to the structures in the surveyed sector and to the structures in which the respondent does not belong.

For the chief and household survey ask for all structures.

Example, if you are investigating a school, these questions will be that asked for the COPA and the sous- Proved.

How do you judge ... on the following activity:	COPA	COD ESA	School	Health Center	MCZ	Sous- Proved
COL 1 The ... is capable in undertaking its activities?	___	___	___	___	___	___
COL 2 If \$1000 for development arrives in the village I trust that ... won't abuse their influence for personal gains?	___	___	___	___	___	___
COL 3 If \$1000 for development arrives in the village I trust that ... does a good job in using this money?	___	___	___	___	___	___
COL 4 I trust that ... they have users' best interest in mind?	___	___	___	___	___	___

Modules used in multiple surveys

Please grade the quality of interaction (the dyad) between the following two parties. In your opinion, how well do they work together? Responses are: 1) very bad, 2) bad, 3) indifferent, 4) good, and 5) very good.

The questions apply to the structures in the surveyed sector. For the chief and household survey ask for all structures.

COL 5 Villagers and COPA	___
COL 6 CODESA – health facility	___
COL 7 Villagers and CODESA	___
COL 8 School and sous-Proved	___
COL 9 COPA and school	___
COL 10 Health facility and MCZ	___

Over the last 2 years, do you think that the quality of interaction (the dyad) between the following two parties has improved?

The questions apply to the structures in the surveyed sector. For the chief and household survey ask for all structures.

COL 11 Villagers and COPA	0 1
COL 12 CODESA – health facility	0 1
COL 13 Villagers and CODESA	0 1
COL 14 School and sous-Proved	0 1
COL 15 COPA and school	0 1
COL 16 Health facility and MCZ	0 1

Interaction. [In tablets the order is randomized.] During the last six months:

The questions apply to the structures in the surveyed sector and to the structures in which the respondent does not belong.

For the chief and household survey ask for all structures.

Example, if you are investigating a school, these questions will be that asked for the COPA and the sous- Proved.

	COPA	COD ESA	School	Health Center	MCZ	Sous- Proved
COL 17 How many meetings have been organized by...?	___	___	___	___	___	___
COL 18 At how many meetings organize by ... were you present?	___	___	___	___	___	___
COL 19 Did you contribute in money to.../ an activity organized by..?	0 1	0 1	0 1	0 1	0 1	0 1
COL 20 Did you contribute in kind to .../ an activity organized by..?	0 1	0 1	0 1	0 1	0 1	0 1

Specifically about the user committee. To what extent do you feel that your local committee is implementing the following actions? In tablets the order is randomized. Responses are: 1) very bad, 2) bad, 3) indifferent, 4) good, and 5) very good.

The questions apply to the service providers in the surveyed sector

For the chief and household survey ask questions

	COPA	a) CODESA
COL 21* Inform the population about the actions.	___	___
COL 22* Inform the population about the management of resources	___	___
COL 23* Inform the community about the performance of service providers and the quality of services	___	___
COL 24* Allow people like you to participate	___	___
COL 25* Consulting before making decisions	___	___
COL 26* Ensure that local resources are used for public purposes and not for private interests	___	___
COL 27* Conduct advocacy with state authorities on the needs of the community	___	___
COL 28* Inform the state authorities about the performance of service providers and the quality of services	___	___
COL 29* Inform the population about the actions.	___	___

Specifically about the facility. How do you judge the following...? In tablets the order is randomized. Responses are: 1) very bad, 2) bad, 3) indifferent, 4) good, and 5) very good.

The questions apply to the user committee in the surveyed sector. For the chief and household survey ask all questions

	Health Center	a) School
COL 30* Quality of the infrastructure (building, etc)	___	___
COL 31* The capacity of the facility	___	___

Modules used in multiple surveys

COL 32* Availability and quality of equipment in the facility	___	___
COL 33* The quality of care by the facility	___	___
COL 34* Quality of caregivers	___	___
COL 35* Quality of administration	___	___
COL 36* Interaction with the community	___	___

	Health Center	a) School
COL 37* Are (doctors/ nurses) / (teachers) often absent?	0 1	0 1
COL 38* Are (doctors/ nurses) / (teachers) often on time?	0 1	0 1
COL 39* Are (doctors/ nurses) / (teachers) competent and qualified?	0 1	0 1

M_MON: Mechanism measures: monitoring

We would like to ask a few questions about monitoring and accountability related to service provision. In tablets the order is randomized.

Responses are: 1) no, not at all, 2) no, 3) a little, 4) yes, 5) yes, very much.

The questions apply to the structures in the surveyed sector and to the structures in which the respondent does not belong.

For the chief and household survey ask for all structures.

Example, if you are investigating a school, these questions will be that asked for the COPA and the sous- Proved.

	a) COPA	b) COD ESA	c) School	d) Health Center	e) MCZ	f) Sous- Proved
MON 1 ... gets reported on if it does not do its work properly	___	___	___	___	___	___
MON 2 ... gets sanctioned if it does not do its work properly	___	___	___	___	___	___
MON 3 In that case, who sanctions? [CODE H]	___	___	___	___	___	___
MON 4 ... should be held accountable?	___	___	___	___	___	___
MON 5 ... should be held accountable to? [CODE H]	___	___	___	___	___	___

Specifically related specifically to service providers:

This section will not be asked to the service providers

MON 6* For the quality of basic services to improve, requires that providers of services are efficient; performance is only possible if service providers are accountable either to the population or to their hierarchy in the government or to both. According to you, to whom should they be accountable for better performance? 1) The community they serve, 2) superiors in government, 3) Community and superiors together.	1 2 3
MON 7* If your community was regularly informed of the performance of providers of services and results, do you think it would monitor the work of service providers and require more accountable?	0 1
MON 8* If so, whom do you think should give this information to the community? [CODE H]	___

M_FIN: End of the survey

FIN 1* Language used to conduct the interview [CODE L]	___
FIN 2* How do you judge the ability) of the respondent to understand the language used for the interview? 1) Has not experienced any difficulties, 2) Experienced medium difficulties, 3) Experienced great difficulties	1 2 3
FIN 3* Do you think the respondent remained focused throughout the interview? 1) Focused throughout the interview, 2) He lost concentration in the middle, 3) Was absent minded throughout the interview	1 2 3
FIN 4* The interview stopped before completing all the questions?	0 1
FIN 5* End time of the interview	___
FIN 6* GPS latitude	___
FIN 7* GPS longitude	___
FIN 8* GPS altitude	___
FIN 9* GPS accuracy	___
FIN 10* GPS problems? 0 = No problem 1 = accuracy, 2 = Too much time, 3 = GPS not working, 4 = another.	0 1 2 3 4
FIN 11 Any comments?	___
FIN 12 Submission Date and Time	m/d/y hm
FIN 13 Start of the survey Date and Time	m/d/y hm
FIN 14 End of the survey Date and Time	m/d/y hm

2. Additional forms

2.1 Form: Consent and contact information sheet

Please read out each potential respondents before the survey:

"My name is [your name]. I work for a study on the development and decision-making in communities in eastern DRC led by [name of the survey firm]. All the answers that you give us will be kept strictly confidential. Beyond the research team, nobody will know what you have personally said. If this information is used by us later, no one will know that it comes from you. Before I ask your agreement to participate in this research, please know that these research components present no risk to your community or to any individual of this community. It should also be noted that the research has no direct benefit to you either. By improving our capacity of understanding community priorities in eastern Congo, this research aims to improve the quality of development aid throughout the area. I will ask personal questions. You do not have to answer questions if you do not want to. Moreover, you can end the interview at any time without any cost or penalty to you if you wish. If you answer honestly, you will help us better understand the situation of the community. We would be very grateful for your help in completing this survey. The interview should not last more than [an hour]. Would you like to participate in this survey? Here is a "Contact Information" sheet in case you have any complaints or concerns related to this research, or want to learn more about your rights as a participant in this research."

For those households that are panel, please add:

"You may remember that a team of researchers from Experts was in your village and interviewed you about the situation in your community in 2015. Thank you for time then. We have now returned with several more questions."

Contact information sheets can be found on the next page. Enumerator, please print and cut out.

English:

TUUNGANE 2 (2010-2014)

1,025 VILLAGES IN SOUTH KIVU - NORTH KIVU - MANIEMA - KATANGA

1.7 MILLION BENEFICIARIES

EACH VILLAGE

ELECTED VDCs

CREATED SERVICE IMPROVEMENT PLANS

RECEIVED \$24,000 (IN US DOLLARS)

TUUNGANE'S GOAL

IMPROVING GOVERNANCE PRACTICES AMONG LOCAL GOVERNMENTS & COMMUNITIES

INCREASING FEMALE INFLUENCE IN LOCAL DECISION MAKING

REINFORCING ACCOUNTABILITY OF SERVICE PROVIDERS & LOCAL GOVERNMENTS

IMPROVING BASIC SERVICES WITHIN LOCAL COMMUNITIES

WHAT DID TUUNGANE DO?

2175 MEETINGS HELD

517 SCHOOLS REHABILITATED

118 HEALTHCARE FACILITIES BUILT

1001 CLEAN WATER FACILITIES BUILT

42 MARKETS & STORES BUILT

275 KILOMETRES OF ROADS BUILT

IMPACT RESULTS

RELATIONSHIPS IMPROVED BETWEEN VILLAGERS & SERVICE PROVIDERS.

QUALITY OF HEALTH & EDUCATION INFRASTRUCTURE IMPROVED.

THERE WERE FEW EFFECTS ON OTHER COMPONENTS OF SERVICE PROVISION (E.G. ADMINISTRATION & USAGE)

THERE WAS LITTLE EVIDENCE THAT THE PROGRAM LED TO IMPROVEMENTS IN HEALTH & EDUCATION.

THERE WAS NO EVIDENCE FOR WOMEN'S EMPOWERMENT, THOUGH **31% OF VDCs WERE LED BY WOMEN.**

4. Tuungane 2+ Data collection survey handbook (in French)

Manuel Enquêteur Collecte de Données Tuungane 2+

Contexte

Objectif de l'enquête

Cette enquête a pour objectif d'obtenir des données pertinentes pour évaluer l'effet du Programme T2+. Elle comprend certaines mesures comportementales et quelques enquêtes.

Programme Tuungane

En 2015, l'IRC a mis en œuvre le programme Tuungane 2+. T2+ est mis en œuvre dans 485 communautés dans trois provinces de l'Est du Congo : Sud Kivu, Haut Katanga et Tanganyika, il touche approximativement un million de bénéficiaires. Les composantes du programme T2+ incluent (a) le développement des capacités des unités du gouvernement récemment décentralisées (ETD), (b) des activités de radio pour assurer la redevabilité et la participation citoyenne dans la gouvernance locale, (c) un pilote sur le genre qui vise à améliorer les chances des femmes à participer efficacement dans l'influence et la prise de décision communautaire, et (d) des projets de subventions dans les communautés de \$8,990 dans les secteurs de la santé et l'éducation et de \$2,358 dans le secteur de l'eau et l'assainissement. L'objectif du programme Tuungane 2+ est de "contribuer à un système de gouvernance local, réactif au besoin des prestataires de service et aux priorités des populations, au-delà de la fin du programme (IRC, 2014 :4)".

Protocole de collecte de données

Cette partie du manuel fournit toute l'information nécessaire aux enquêteurs. Il s'agit aussi bien de l'objet de l'enquête, des objectifs poursuivis ainsi que de l'ensemble des tâches des enquêteurs, du superviseur et du coordonnateur durant toute la période de collecte sur terrain. Pour aider les enquêteurs à travailler efficacement, ce manuel comprend également différents outils tels que les questionnaires des différentes enquêtes, la liste des personnes à interviewer, les différentes fiches à faire remplir, le texte des consentements à proposer aux enquêteurs, les différents codes auxquels se référer, les abréviations à utiliser.

Cibles de l'enquête

Dans chacun des 339 villages à visiter, les différentes enquêtes à mener sont :

- Enquête (EM) auprès des 10 chefs de ménages dont jusqu'à 5 déjà enquêtés en 2015 et au minimum 5 autres à sélectionner de manière aléatoire ;
- Enquête auprès du chef de village (EC);
- Enquête sur les infrastructures de santé (ES) ou éducation (EE);
- Enquête des comités d'usager (EU) ;
- Une fiche/formulaire de l'enquêteur (ER) :
 Hormis la fiche/formulaire de l'enquêteur (ER), associer A chacune des enquêtes précédentes, d'autres modules subsidiaires correspondants ou les modules génériques suivants :
 - **M_TUU: Outcome measures: Tuungane 2+ quality and satisfaction of process**
 - **M_AUD: Verification, only ask these questions if the structure is T2+**
 - **M_INF: Mechanism measures: information**
 - **M_COL: Mechanism measures: collective action**
 - **M_MON: Mechanism measures: monitoring**

Quel village enquêter ?

Les 339 villages à enquêter sont ceux qui avaient déjà été visités en 2015 dans le cadre du même programme/projet Tuungane. Par souci de comparaison des indicateurs et de suivi des activités de ce programme/projet, les mêmes villages doivent être visités aux deux dates, 2015 et 2017. Le changement d'un village ou des acteurs à interviewer n'est pas autorisé au niveau de l'enquêteur. En cas de difficultés (village non retrouvé, habitation détruite, ménage ayant déménagé...), référez-vous à votre superviseur qui lui-même se réfère à son tour au coordonnateur provincial de terrain.

Différentes tâches à réaliser dans tous les villages

Aussitôt arrivée dans le village, l'équipe doit commencer par visiter le chef du village pour lui présenter les civilités et expliquer clairement les activités que nous voudrions entreprendre dans le village. Ensuite, l'équipe doit s'organiser autour du superviseur selon le plan de travail proposé dans le tableau 1 pour réaliser les tâches suivantes :

- 1x Enquête Chef du village (EC)
- 5x Enquêtes ménage PANEL (EM) maximum
- 5x Enquêtes ménages additionnels sélectionnés au hasard (EM)
- 1x Enquête avec le COPA (EU)
- 1x Enquête avec le CODESA (EU)
- 1x Visite à l'infrastructure santé (ES)
- 1x Visite à l'école primaire (EE)
- 1x Fiche/Formulaire enquêteur (ER)

L'équipe technique d'évaluation prévoit 2 jours de visite et travail dans le village par équipe de 3 enquêteurs (E2 ; E3 et E4) et un superviseur (E1) par village. Le

Tableau 1 liste dans les détails l'ensemble des tâches par enquêteur et par jour dans le village. Très important : le chef d'équipe conduira l'enquête infrastructure et celle du comité des usagers du secteur d'intervention du programme T2+.

Tableau 1. Suggestion de la séquence des tâches

Jours	E1 (chef d'équipe)	E2	E3	E4
Jour 1 : Matin	Visiter le chef Demander le nom des ménage panel Création de la liste des ménages du village Sélection de 5 ménages additionnels. EC	Visiter le chef EM (panel) EM (panel)	Visiter le chef ES/EE (non T2+) EU (non T2+)	Visiter le chef EM (panel) EM (panel)
Jour 1 : Après-midi	ES/EE (T2+) EU (T2+)	EM (panel)	EM	EM
Jour 2 : Matin	ER	EM	EM	EM
Jour 2 : Après-midi	Déplacement vers le village suivant			

Ce tableau est à titre indicatif. L'objectif est de mettre toutes les ressources pour trouver les ménages panels dès l'arrivée au village après les civilités avec le chef. Le chef d'équipe est chargé de répartir les tâches en fonctions de l'identification des structures et personnes.

Selon la distance entre le village visité et le prochain village, il est conseillé aux enquêteurs de faire le déplacement ou voyage le deuxième jour pour aller dormir au village suivant.

Trouvez ci-après une explication de chacune des tâches.

Tâche : Visite au chef de village

Votre première tâche est de vous présenter en équipe auprès du chef de village. Le chef d'équipe/Superviseur doit introduire l'étude, les différentes activités à mener dans le village et demander et obtenir l'approbation/permission du chef avant toute poursuite des activités.

- Indiquer l'approbation du chef du village au formulaire ER.

Handbook of the brochure information and the response sheet

- Tous les 339 villages ont bénéficié de T2+. Important, vous devez demander le domaine d'intervention sur lequel a porté le projet T2+.
- Qu'arrive-t-il si le chef décide de refuser l'enquête dans son village ? Expliquer à nouveau l'étude en des termes plus clairs. Lorsque le chef de village est toujours opposé à l'étude, ça peut signifier qu'il n'a pas bien compris qu'il ne court aucun risque en acceptant. En plus, même s'il n'y a pas de bénéfices directs au village, l'information aidera à développer des projets à l'Est de la RDC (bénéfices indirects). Persuader un chef n'est pas une tâche facile. Vous pouvez utiliser plusieurs techniques, telle que les questions rhétoriques qui ciblent les aspects de leurs décisions que vous voudriez aborder. S'il est réellement impossible de conduire l'enquête, informez votre Coordonnateur provincial. Dans tout ce que vous faites, ne forcez pas le chef de village, et restez toujours respectueux envers lui. N'oubliez pas de montrer au chef toutes les autorisations reçues à différentes instances administratives, non pour l'influencer mais pour le rassurer sur la régularité de cette étude de terrain.
- En cas d'absence, d'indisponibilité ou d'incapacité du chef de village, travaillez avec celui qui fait l'interim. Le chef doit être informé de la liste des ménages sélectionnés mais n'assiste pas aux interviews qui se déroulent en privée.
- Que faire si le chef veut savoir dans quels ménages vous voulez conduire l'enquête ? Dites au chef que 5 ménages étaient aussi interviewés en 2015 et que 5 autres ménages additionnels seront sélectionnés au hasard. Le processus de sélection est scientifique. Si le chef veut savoir dans quels ménages vous allez, vous devez insister que pour des raisons scientifiques vous devriez interviewer les ménages en privé.
- Si le chef vous demande "pouvez-vous m'acheter une bouteille avant de commencer la discussion ?" Une réponse typique est : "Je m'excuse chef. Nous sommes des étudiants et nous n'avons pas de moyens pour acheter une bouteille. Est-il possible d'échanger sur l'étude que nous voulons commencer dans votre village ?"
- Demandez au chef de vous donner deux personnes qui vous accompagneront pendant les jours que vous serez dans le village. Ces individus sont capables de vous dire où se trouvent les répondants sélectionnés au hasard ainsi que les répondants panels, ils peuvent aussi témoigner aux répondants que le chef a approuvé l'étude.
- Demander au chef de rester plus longtemps pour l'Enquête Chef.

Tâche : Dresser la liste des ménages du village

- Cette tâche est réalisée par le chef d'équipe/Superviseur et un enquêteur ;
- Compléter le "Formulaire : Liste de ménages" en excluant les ménages déjà visités en 2015 ; .
- Rassurez-vous que tous les ménages restants du village soient repris sur la liste. Ceci inclus les ménages des immigrants et qui vivent dans les maisons d'accueil.
- Pour faire cette liste, travaillez avec le chef de village et d'autres personnes ayant la connaissance du village.

Tâche : Sélectionner 5 ménages additionnels au hasard

- Le chef d'équipe/Superviseur et un des enquêteurs sélectionneront discrètement les ménages additionnels au hasard. Ceci se fera de la manière suivante :
Utiliser le tableau « sélection des ménages ». Dans la colonne de gauche, vous avez un nombre qui indique la taille du village. Vous devez choisir la ligne qui correspond au nombre de ménages de votre village. Sur cette ligne recopier les 5 chiffres (H1 à H5) qui correspondent aux numéros des ménages à sélectionner. Dans le tableau suivant, le village ayant un effectif de (100) à (104) ménages, on retiendra les ménages n° 6 ; 21 ; 46 ; 66 et 86.

Exemple : "Tableau : Sélection des ménages"

Taille du village	H1	H2	H3	H4	H5
100	6	21	46	66	86
105	12	33	54	75	96

- Quelques fois nous n'avons pas les 5 ménages PANEL prévus. Donc, dans le dictionnaire il y a, par exemple, les noms pour seulement trois ménages PANEL. C'est rare, mais c'est possible. Dans ce cas, il sera nécessaire de sélectionner plus de 5 ménages au hasard.
- Par exemple, pour un village où il y a seulement trois noms des ménages PANEL. C'est à vous de choisir 7 ménages au hasard. Pour ce faire, faites la même chose comme ci-dessus mais avec le tableau.

- Un exemple est ci-dessous :

Exemple : "Tableau : Sélection des 7 ménages"

Taille du village	H1	H2	H3	H4	H5	H6	H7
100	6	21	46	61	76	86	99
105	12	33	54	75	81	101	104

Tache : Conduire l'Enquete Chef (EC)

- A l'issue de la sélection des ménages, le chef d'équipe/superviseur conduira l'enquête chef de village.
- Nous avons aussi interviewé le chef ou son assistant en 2015. Le nom du chef (ou son assistant si le chef était absent en 2015) est marqué dans votre dictionnaire. Vous pouvez vous y référer. Si l'intérimaire du chef était interviewé, essayez d'interviewer le chef à cette occasion-ci.
- Il est possible que ce ne soit pas le même chef qu'en 2015 : le chef peut être décédé ou remplacé. Dans ce cas, conduisez l'enquête avec le chef actuel.
- Si le chef actuel est absent, interviewez son intérimaire.

Tâche : Conduire les interviews des Comités des usagers (EU)

- Le chef d'équipe/Superviseur conduira l'enquête avec le comité des usagers en rapport avec le secteur T2+. Un autre enquêteur se chargera de la structure non T2+.
- Ces enquêtes seront menées avec les présidents de ces comités. Si le président du comité est absent, conduire l'enquête avec le secrétaire du comité.

Tâche : Conduire les enquêtes infrastructure (EE ou ES)

- Le chef d'équipe/Superviseur conduira l'enquête sur l'infrastructure qui correspond au domaine d'intervention T2+. Un autre enquêteur se chargera de la structure non T2+.
- Visitez l'infrastructure tel qu'indiqué par le chef de village. Cette infrastructure était aussi visitée en 2015.

Tâche : Conduire 5 enquêtes ménages PANEL (EM)

- Trouver les ménages et les répondants est en principe facile. Ils étaient aussi interviewés en 2015. Les noms de ces personnes sont listés dans votre dictionnaire.
- Que faire si le chef de ménage n'est pas le répondant, mais veut être présent pendant l'interview ? Expliquer au chef de ménage que le répondant était sélectionné pour des raisons scientifiques et qu'il est nécessaire et souhaitable de conduire à nouveau l'interview avec lui. Mais, si le chef de ménage insiste, continuer avec l'interview malgré sa présence.
- Il est possible que vous ne puissiez pas trouver le ménage. Si le ménage a déménagé dans le village, retrouvez-le. Mais, quelque fois le remplacement est nécessaire, mais si et seulement si vous vous rassurer que le ménage ne peut pas être interviewé pour plusieurs raisons possibles : 1) si le ménage a déménagé vers un autre village distant, ou 2) si le ménage était inaccessible pendant toute la durée de votre présence dans le village. Vérifier cette information avec le chef de village et les anciens voisins ou membres de la communauté. La manière dont la sélection d'un nouveau ménage se fera est expliquée ci-après.
- Il est aussi possible que vous trouviez le ménage de 2015, mais vous ne pouvez pas trouver l'individu qui était interviewé. L'individu peut être déclaré introuvable s'il ne vit plus dans le ménage, il/elle a créé son propre ménage, il/elle est en voyage, il/elle est décédé, ou il/elle est absent(e) pendant toute la durée de l'enquête dans le village. Si tel est le cas, vous devez sélectionner quelqu'un d'autre du même ménage au hasard. Le processus pour sélectionner un individu dans le ménage est expliqué ci-après.
- Important, faites votre mieux absolu pour trouver le ménage et la personne interviewée en 2015.

Tâche : Conduire enquêtes ménages, nouvellement sélectionnées au hasard

- Retrouver sur le terrain les ménages additionnels avec l'aide des guides. Au sein des ménages repérés, trouver ces personnes à interviewer selon la procédure ci-après.

Comment remplacer un ménage ?

- Si un remplacement du ménage est nécessaire, signaler cela dans l'enquête (EM) et donner les raisons de cette décision.
- Aller au ménage ciblé, tournez votre dos à la porte du ménage.
- Choisissez et visiter le ménage suivant à droite.

Note. Si la structure de la maison n'existe plus, demander aux gens du village ou était la maison et suivre la même procédure comme indiquée ci-dessus.

Comment sélectionner au hasard ou remplacer un individu dans le ménage

- Lister sur un bout de papier tous les membres du ménage qui ont l'âge de 18 ans ou plus selon le sexe indiqué dans votre dictionnaire.
- Puis faites la sélection au hasard en suivant le tableau de sélection aléatoire dans votre dictionnaire. Par exemple, pour l'enquête en bas. Si la liste est de 8 individus, vous devez alors interviewer la personne n°2 de votre liste.

Taille du ménage	R1	R2	R3	R4	R5	R6	R7	R8	R9	R10	R11	R12
Numéro aléatoire	1	1	2	4	2	4	5	2	9	9	10	4

- S'il n'y a pas de membres de ménage qui sont du sexe indiqué dans votre dictionnaire, prenez le sexe opposé dans le même ménage et suivez la même règle de sélection. Ceci devrait arriver rarement.

Definition de 'ménage'

- Ménage : ensemble de personnes qui partagent le repas d'une même marmite ensemble avec le chef de ménage pour une période minimale d'un mois. Explication : nous utilisons cette définition parce que le chef de ménage peut avoir plus qu'une femme. Et les femmes vivent dans différentes maisons. Mais le ménage et le chef de ménage vivent ensemble avec ses femmes et ses enfants.

Tâche : Formulaire d'enquêteur (ER)

- Ce formulaire doit être rempli par les enquêteurs à la fin de la visite.

Questions éthiques

Règles de conduite en rapport avec les enquêtes

En votre qualité de l'enquêteur. Vous avez donc joué un rôle clé dans la collecte de données. pour mieux jouer votre rôle, vous devez :

- Etre bien préparé et détenir l'équipement et les documents administratifs nécessaires à votre mission ;
- Vous avez besoin d'avoir une connaissance parfaite et une appropriation des questions de cette enquête et ne pas donner l'impression de lire ;
- Fournir l'effort nécessaire pour atteindre les villages et les personnes sélectionnées et enregistrer leurs opinions ;
- Lire le texte d'enquêtes aux répondants avec attention, et transcrire fidèlement leurs réponses ;
- Vous référer à votre superviseur ou coordonnateur selon le cas pour besoin d'éclaircissement ou en cas de problème ;
- Etre courtois et agir de manière professionnelle lorsque vous approchez le ménage ;
- Répondre honnêtement aux questions des répondants en rapport avec les objectifs de l'enquête ;
- Lire les questions attentivement et clairement ;
- Rester neutre dans la manière de poser les questions et n'imposez pas vos opinions personnelles (même si vous pensez avoir la bonne réponse) ;
- Ecouter attentivement votre répondant et ne l'interrompez pas ;
- Ne jugez pas, ne riez pas, n'exprimez pas ou n'affichez pas un sentiment de surprise ou d'étonnement suite aux réponses de votre répondant ;

Handbook of the brochure information and the response sheet

- Vous assurez que l'interview se passe en privé dans la mesure du possible ;
- Il est aussi très important de ne pas vous présenter comme un agent de l'IRC. Vous ne l'êtes pas. En plus, ceci peut biaiser les réponses ;
- Souvent, les répondants croiront que vous serez en mesure de donner un appui financier ou donner un projet de développement. Quelques fois les répondants peuvent même vous demander de l'argent pour répondre à vos questions. Vous ne devez absolument pas donner de fausses promesses ni de l'argent. Au début de l'enquête, vous devez clairement dire qu'ils sont entrain de participer dans une recherche scientifique, sans intérêt direct.

Consentement

- Pour chaque enquête que vous réalisez, vous avez besoin de vous assurer que le répondant accepte de participer volontairement.
- Chaque enquête commence par un texte de consentement. Lisez ce texte à haute voix.
- Si le répondant refuse de participer à l'interview, vous devez prendre note systématiquement dans le formulaire d'enquête. Si par contre, la personne accepte, vous devez lui donner "une feuille de Contact", cette feuille contient l'information nécessaire pour faire des plaintes concernant le processus si nécessaire.
- Ne pas oublier : le répondant a le choix de stopper l'interview à tout moment.
- Le répondant peut demander plus de questions concernant les bénéfices de participer à l'interview ou dans d'autres aspects du projet. Il est important que vous ne créiez aucun faux espoir ou déception en aucun point dans ce processus. En particulier, vous devez absolument être clair qu'il n'y a pas de bénéfices directs dans cette étude. Mais qu'elle peut contribuer à la qualité de l'assistance en développement dans cette région.
- Rassurez-vous de remettre le "formulaire de contact" à l'individu. S'il/elle a de questions ou de commentaires, ils peuvent nous contacter.

Faire face au refus de participer

- Pendant l'interview, il est possible qu'un individu sélectionné refuse de participer à l'enquête ou à quelques questions spécifiques de l'enquête. Il est important de savoir pourquoi l'individu sélectionné refuse et vous pouvez essayer de le/la persuader à participer. Vous pouvez expliquer, en des termes claires au répondant que:
 - Chaque personne est unique et ne peut pas être remplacée parce qu'elle a été sélectionnée par une méthode scientifique rigoureuse ;
 - Les interviews sont importantes pour comprendre les besoins et problèmes des répondants ;
 - L'Information d'identification de cette personne est séparée de ses réponses pour demeurer confidentiel.
- Lorsqu'un répondant ne veut pas répondre à une question particulière, expliquez le but de la question et reformulez-la si nécessaire.
- En cas de réponse partielle, demandez-leur respectueusement d'expliquer ou de clarifier leurs réponses. N'essayez pas d'interpréter leurs réponses vous-même.
- Quelle que soit l'attitude du répondant, ne vous engagez pas dans une confrontation, respectez son opinion et maintenez l'intégrité de l'enquête.
- Si la personne ne veut toujours pas répondre, cochez "-7" indiquant le "Refus de répondre".

Anonymat

- En général nous n'avons pas besoin d'enregistrer les noms complets des répondants. A titre d'exception, l'enquête est PANEL, nous interviewerons les mêmes personnes comme nous l'avons fait en 2014. Comme résultat, nous avons les noms des répondants. Même si nous connaissons les noms des répondants, nous devons protéger leurs identités. Pour ce faire, la tablette sépare automatiquement le nom de l'individu de ses réponses à l'enquête.
- Lorsque vous complétez l'enquête en utilisant les copies en dur, nous devons aussi protéger les répondants. Pour ce faire, après avoir enregistré le nom du répondant a la première page de l'enquête, vous devez séparer la première page de l'enquête du reste de l'enquête. Ceci rassure que le nom ne soit pas physiquement connecté ou enregistré avec les réponses de l'enquête et que la recherche et le nom sont connectés seulement par un code d'identité (détenu par seuls les chercheurs).

Le Role de l'IRC

Handbook of the brochure information and the response sheet

- *Tuungane 2+* était mis en œuvre par IRC. L'étude est conçue pour mesurer l'effet du programme.
- Cependant, il est important que les répondants ne pensent pas que vous travaillez pour IRC parce que ceci pourrait influencer leurs réponses.
- Vous pouvez répondre que l'appui financier pour l'étude provient du gouvernement britannique, et que cette étude est exécutée par l'agence SMJDATA en collaboration avec le Département des Sciences de la Population et du Développement de l'Université de Kinshasa.
- Si la personne insiste, vous pouvez lui dire que l'IRC a juste fourni de l'information sur la sécurité.
- Il est important de communiquer que ni l'IRC, ni aucune autre agence n'aura accès aux données des réponses et actions des individus dans les villages.
- Lorsqu'un individu vous demande directement si vous travaillez pour IRC, dites que 'NON'. Il n'y a aucun doute concernant ceci. Vous travaillez pour un consortium scientifique.
- Et si une personne demande si vous faites l'évaluation d'un projet de l'IRC ? Rappelez-vous que nous ne devons pas mentir. Premièrement, essayer de parler du problème en expliquant que vous faites une étude indépendante, une recherche sur le développement à l'Est de la RDC. Si la personne insiste, vous pouvez lui dire que nous explorons aussi le programme *Tuungane*.

Dictionnaire

Le dictionnaire est votre document le plus important. Ce document contient l'information nécessaire au niveau du village et de l'individu. Ça vous indique dans quel village vous devez travailler, et quelles enquêtes à faire avec différents acteurs. Le dictionnaire contient l'information suivante :

- **D** : Province : « H » = Haut Katanga, « S » = Sud Kivu, and « T » = Tanganyika
- **TERR** : Territoire
- **AXE_NOM** : Nom de l'Axe. Un Axe est un groupe de villages qui se rapprochent. L'axe est créé par l'IRC.
- **IDV** : Code Unique d'identification pour chaque village. Commencant par "8" pour les villages T2PLUS.
- **NOM** : Nom de LLU (entité plus petite) (pour les villages PANEL) et nom de projet T2PLUS (pour les villages T2PLUS)
- **CHEF** : Nom de la chefferie
- **GROUP** : Nom du groupement
- **GPS X** : Coordonnées GPS : latitude
- **GPS Y** : Coordonnées GPS : longitude
- **IDS** : Code Unique d'identification pour chaque enquête. Commencant par "8" pour les villages T2PLUS
- **TYPE_S** : "EC" pour Enquête Chef, "EM" pour l'Enquête ménage.
- **ENQ** : Chaque équipe comprend 4 personnes (E1 ; E2 ; E3 ; E4). Chaque personne joue un rôle précis chaque jour dans l'équipe.
- **PRENOM** : Prénom de la personne interviewée en 2014
- **POSTNOM** : Nom de famille de la personne interviewée en 2014
- **SEXE** : sexe (Homme / Femme) de la personne interviewée en 2014.
- **NOM_REF** : Nom de la personne de référence en 2014
- **R1-R12** : A utiliser seulement si le ménage de 2014 a été retrouvé mais que l'individu de 2014 ne peut pas être interviewé. Un numéro aléatoire permet de sélectionner un répondant dans le ménage (pour les différentes tailles des ménages).

Compléter l'enquête

- N'utilisez pas des accents ou des ponctuations dans le texte.
- Chaque jour, assurez-vous que les numéros que vous enregistrez sont corrects. Quelque fois il est facile de répéter le même numéro 2 ou 3 fois.
- Répondez à toutes les questions ! Chaque question a une réponse. Vous pouvez toujours utiliser les options "ne sais pas", "non applicable" ou "refus de répondre". La première chose que le superviseur fera sera de vérifier si chaque enquête est complétée pour voir s'il y a des questions sautées. Pour toutes les questions, -10 signifie « autre », -9 signifie "ne sais pas" ; -8 signifie "non applicable" ; et -7 signifie "refus de répondre."

Handbook of the brochure information and the response sheet

- Pour les enquêtes sur papier : si vous faites une erreur ou si le répondant a donné une réponse qui a changé, mettez un X après la première réponse et encercler deux fois la deuxième réponse.

5. Handbook of the brochure information and the response sheet (in French)

Manuel de remise de la Brochure d'Information et de la Fiche de réponse

Protocole :

1. Présentez-vous au chef et demander dans quel secteur a eu lieu Tuugane 2 (Santé ou Education).
2. Si Tuugane 2 a eu lieu dans le secteur éducation : demandez à ce que le chef vous aide à rencontrer la COPA et le directeur d'école visé par le programme. Si Tuugane 2 a eu lieu dans le secteur santé : demandez de l'aide à rencontrer la CODESA et l'infirmier titulaire du poste de santé visé par le programme.
3. Remettez une brochure au chef.
4. Visite au Comité d'Usager et prestataire de service et remise de la feuille de réponse et brochure.
5. Déroulement du questionnaire **1.7 Brochure and response sheet (visit1_distribution)**
